Edyta Sitar of Laundry Baskets Quilts loves to express herself with fabric. Her passion for sewing and fabric design started at an early age beside her mother in her native countries of Poland and Germany. In Marshall, MI, Edyta has continued sewing, learning, teaching, and creating fabric and quilts. After marriage to Michael, she built a close relationship with her quilt maker maternal in-laws stitch by stitch. Edyta has developed innovative quilting patterns and designed beautiful fabrics for MODA FABRICS.

“My children and my husband are my greatest motivation; this is like a Cinderella dream for me, being able to do what I love and sharing this love with others is the greatest feeling and reward I could imagine!” says Edyta Sitar.
